

INDEPENDENT AUDITOR'S REPORT

To
The Members of
Dhrol Bhadra Highways Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Dhrol Bhadra Highways Limited** which comprises the Balance Sheet as on March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the standalone financial statements including material accounting policies and other explanatory information (hereinafter referred to as "Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standard) Rules, 2015 as amended ('Ind AS') and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and loss, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other the standalone financial statements and Auditor's report thereon

The Company's Board of Directors is responsible for the other information. The other information obtained at the date of this auditor's report is information included in the Annual report, [but does not include the financial statements and our auditor's report thereon]

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion there on. In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with governance for the financial statements:

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with accounting principles generally accepted in India, including Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of financial statement

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our qualified opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of the relevant internal financial controls relevant to audit in order to design adequate audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

▪ Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our qualified opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.

▪ Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "*Annexure A*" statement on the matters specified in paragraph 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, based on our audit we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement and the statement of changes in equity dealt with by this Report are in agreement with the books of account.

d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Account) Rules, 2015, as amended.

e) On the basis of the written representations received from the directors as on 31st March, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024, from being appointed as a director in terms of Section 164 (2) of the Act.

f) With respect to the adequacy of the Internal Financial Control over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "*Annexure B*"

g) With respect to the other matters to be included in the Auditors Report in accordance with the requirements of Section 197(16) of the Act, as amended; the provisions of section 197 of the companies Act are not applicable as no remuneration has been paid by the Company to its directors.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company does not have any pending litigations which would have impact on its financial position.
- ii. The Company did not have any long-term contracts including derivative contracts for which there are any material foreseeable losses.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

i) Based on the representation received from the Management, other than those disclosed in the notes to the financial statements, no funds have been advanced/received or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries") with the understanding that the intermediary shall lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company/ funding party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

j) Based on the representation received from the Management, that, to the best of it's knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

k) Based on audit procedures we have considered reasonable and appropriate in the circumstances; nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material misstatement.

l) The Company has not declared/paid any dividend during the year hence reporting under clause Rule 11(f) of the Companies (Audit and Auditors) Rules, 2014, is not applicable.

m) The Audit trail (edit log) facility for maintaining the books of accounts using accounting software as required under proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 has been made effective in the company from 23rd June, 2023 onwards.

Annexure- A to the Independent Auditors' Report:

The Annexure referred to in paragraph 1 under "Report on Other Legal and Regulatory Requirements" of our report of even date

- i. a) A. The Company does not hold any Property, Plant and Equipment, hence reporting under clause(i)A of the order is not applicable.
B. The Company does not hold any intangible assets, hence reporting under clause i(a)B of the order is not applicable.
- b) The Company does not hold any Property, Plant and Equipment, hence reporting under clause(i)(b) of the order is not applicable.
- c) The Company does not have any immovable property, hence reporting under clause (1)(c) of the order is not applicable.
- d) The Company not have any immovable property, hence reporting under clause (1)(d) of the order is not applicable.
- e) No proceedings have been initiated or are pending against the Unit for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made there under
- ii. a) The company had no inventory during and at the year end. Therefore, the reporting requirements of paragraph 3(ii)(a) of the Order are not applicable.
b) the company has not been sanctioned any working capital limit in excess of five crore rupees during the reporting period, in aggregate, from the bank or financial institutions on the basis of security of current assets. Therefore, the reporting requirements under the paragraph3(ii)(b) of the order is not applicable.
- iii. According to the documents and records produced before us the company has not made any investment or has not provided any loans or advances in the nature of loans or provided any guarantee or security, secured or unsecured, to the companies, firms, Limited Liability Partnerships or any other parties during the reporting period. Therefore, the reporting requirements under the paragraph (iii) (a-A, B), (iii) (b), (iii) (c), (iii) (d), (iii) (e) and (iii) (f) of Paragraph 3 of the Order are not applicable.
- iv. According to the information and explanations given to us, as per section 185 of the Companies Act, 2013, no loan has been given, investments made and no guarantee and security has been given attracting the provisions of section 185 and 186 of the Act. Hence reporting requirements of paragraph 3(iv) of the Order are not applicable.
- v. Based on our examination of the Company's records and according to the information and explanations given to us, the company has not accepted any deposits from public (including deemed deposits) during the year within the meaning of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the Companies (Acceptance of Deposits) Rules 2014. Further, no order has been passed by Company Law Board or National Company Law Tribunal, or Reserve Bank of India or any court or any other tribunal. Hence reporting requirements of paragraph 3(v) of the Order are not applicable.
- vi. We have broadly reviewed the books of account and records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules 2014 prescribed by the Central Government under section 148(1) of the Companies Act, 2013 and are of the opinion that company is required to maintain such cost records.
However the same has been maintained by the company.

- vii. (a) According to information and explanations given to us and our examination of records the company is regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, goods and service tax and any other statutory dues to the appropriate authorities and no undisputed amount is payables in respect of provident fund, income tax, goods and service tax, cess and other material statutory dues which were arrear as on 31st March, 2024 for more than six months from the date it became payable.
- (b) According to information and explanations given to us there are no dues of income tax or goods and service tax or sales tax or service tax or duty of customs or duty of excise or value added tax have not been deposited on account of any dispute.
- viii. According to the records examined by us and the information and explanations given to us, there were no transactions found unrecorded in the books of accounts which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
- ix. a) According to the information and explanations and as verified from books of accounts, the company has not defaulted in repayment of loans or interest thereon to any lender.
- b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the company has not been declared wilful defaulter by any bank or financial institution or other lender.
- c) In our opinion and according to the information and explanations given to us, the company has utilized the money obtained by way of term loans during the year for the purposes for which they were obtained.
- d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the company, we report that no funds raised on short-term basis have been used for long-term purposes by the company.
- e) According to the information and explanations given to us and on an overall examination of the financial statements of the company, we report that the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- x. Provisions of clause no. (x) (a&b) relating to utilization of moneys raised by way of initial public offer or further public offer including debt instruments and term loans, preferential allotment and private placement of shares or convertible debentures (fully, partially, optional) is not applicable to the Company, hence reporting under clause (x) under para 3 of the order is not applicable.
- xi) a) During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of fraud or by the company, noticed or reported during the year, nor we have been informed of such case by the management.
- b) To the best of our knowledge and information with us there is no instance of fraud reportable under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- c) As per information and explanation given by management there were no whistle blower complaints received by the company during the year.
- xii. In our opinion and according to the information and explanations given to us the company is not a Nidhi Company. Accordingly, reporting under paragraph 3(xii) (a-c) of the order is not applicable.

- xiii. In our opinion and explanations given to us section 177 and 188 of Companies Act, 2013 with regard to transactions with related party have been complied with and all details as per accounting standard have been disclosed in the Financial Statements.
- xiv.a) In our opinion and based on our examination, though the Company is required to have an internal audit system under section 138 of the Companies Act, 2013 but it does not commensurate with the nature and size of the business.
- b) The reports of the Internal Auditors for the period under consideration were considered by us and the errors reported by the Internal Auditors were duly rectified and accounted for.
- xv. According to information and explanations given to us the company has not entered into any non-cash transaction with the directors or person connected with him. Hence, the reporting requirement under paragraph 3(xv) of the order is not applicable to the company.
- xvi.a) In our opinion and information provided to us the company is not required to be registered under section 45-1A of Reserve Bank of India Act, 1934.
- b) Company is not a NBFC hence the reporting in this clause is not required.
- c) Company is Non NBFC. Hence the reporting in this clause is not required.
- d) This clause is not applicable to the company as it is not NBFC.
- xvii. Based on the overall review of standalone¹ financial statements, the Unit has incurred cash losses of Rs. 183.83 lakhs in the current financial year and Rs. 1,852.17 lakhs in the immediately preceding financial year.
- xvii. There being no resignation of the statutory auditors during the year, hence reporting under clause (xviii) of Para 3 of the order is not applicable.
- xviii. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
- xix. According to the information and explanations given to us and based on our verification, the provisions of section 135 of the Act are not applicable on the Company. Accordingly, reporting under clause 3(xx)(a) and clause 3(xx)(b) of the Order is not applicable.

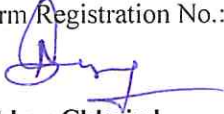

xx. The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements. Accordingly, no comment in respect of the said clause has been included in the report.

Annexure- B TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 2(f) under "Report on Other Legal and Regulatory Requirements" of our report of even date)

Report on the Internal Financial Control over Financial Reporting Under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

We have audited the internal financial control over financial reporting of **Dhrol Bhadra Highways Limited** as of 31st March, 2024 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal finance controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2024, based on the Internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accounts of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial control over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for

external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future period are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

DHROL BHADRA HIGHWAYS LIMITED

Notes to the financial statements for the year ended 31st March 2024

Corporate and General Information Company Overview

Dhrol Bhadra Highways Limited (the 'company') is domiciled in India with its registered office at Bhopal, Madhya Pradesh, India. The Company has been incorporated under the provisions of the Companies Act, 2013. The company is a Special Purpose Vehicle which was formed to undertake the project of development of Dhrol- Bhadra section on HAM basis in the State of Gujarat.

These financial statements were authorized to be issued by the board of directors on 6th May, 2024.

Note 1: Material Accounting Policies

This note provides a list of the material accounting policies adopted in the preparation of these consolidated financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

A. Basis of preparation

1. Compliance with Ind AS

The financial statements of the Company comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

2. Historical cost convention

The financial statements have been prepared on a historical cost basis, except that there are certain financial assets and financial liabilities are measured at fair value.

3. New and amended standards adopted by the Company:

The company has considered changes and amendments made in the Indian Accounting Standards (Ind AS), as prescribed for the company.

Any newly issued Ind AS and/or changes in any of the existing Ind AS has been considered in preparation of these financials to the extent it has material impact. However, some of these Ind AS are not expected to significantly affect the current/future periods, which have been mentioned in the financial statements, as needed.

Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). The Managing Director of the Company has been identified as CODM and he assesses the financial performance and position of the Company, and makes strategic decisions. Refer Note 27 for segment information.

Operating cycle

Assets and liabilities are classified as current if it is expected to realize or settle within 12 months after the balance sheet date.

B. Revenue recognition

Service concession arrangement

The company recognises an intangible asset arising from the service concession agreement to the extent the company has right to charge for the use of concession infrastructure. Intangible asset would be initially measured at cost.

Revenue is measured based on the transaction price as specified in the contract with the customer. It excludes taxes or other amounts collected from the customer in its capacity as an agent.

Revenue related to construction or upgrade services provided under service concession arrangement is recognised based on the stage of completion method, consistent with the company's accounting policy on recognizing revenue on construction contracts. Operation/ service revenue is recognised in the period in which the services are provided by the company.

Interest income on service concession receivable is recognised as it accrues in the statement of profit or loss on basis of effective interest rate method.

Variable consideration

The company estimates the amount of revenue to be recognized on variable consideration using the expected value (i.e., the sum of a probability-weighted amount) or the most likely amount method, whichever is expected to better predict the amount.

The Company's claim for extra work, incentives and escalation in rates relating to execution of contracts are recognized as revenue in the year in which said claims are finally accepted by the clients. Claims under arbitration/ disputes are accounted as income based on final award. Expenses on arbitration are accounted as incurred.

Revenues are shown net of Goods & Service Tax, applicable discounts and allowances.

Recognition of Turnover as per Goods and Service Tax Act, 2017

On receipt of the grant support from the authority during the construction period, the company recognises the revenue as a reduction of cost from Intangible asset value i.e. considered as a part of Balance Sheet. However, as per the circular ref. NHAI/F&A/GST -2017- 18/SM from NHAI dated 29th September, 2017 (Circular-3.3.14), it is stated that payments made by NHAI at the time of construction period which is 40% of the Bid project cost will fall under the purview of GST and GST shall be applicable with 100% Input Tax Credit (ITC) on such portion of the value of work done. Hence, the impact of GST to this extent shall be considered by the concessionaire. The same is treated as a turnover and shown in GSTR-1. AS a result, it will always be a part of reconciliation item on comparing the Revenue shown as per books of accounts and as per GST portal.

Interest Income

Interest income is recognised using effective interest rate (EIR) method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial assets; or
- the amortised cost of the financial liabilities.

Other Income

All other income is accounted on accrual basis when no significant uncertainty exists regarding the amount that will be received.

C. Income Taxes

Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty,

if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum alternative tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay income tax higher than that computed under MAT, during the year that MAT is permitted to be set off under the Income Tax Act, 1961 (specified year). In the year, in which the MAT credit becomes eligible to be recognized as an asset the said asset is created by way of a credit to the Statement of profit and loss and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay income tax higher than MAT during the specified year.

Deferred Tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

D. Leases

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Company:

- where possible, uses recent third-party financing received by the individual lessee as a starting point, adjusted to reflect changes in financing conditions since third party financing was received;
- uses a build-up approach that starts with a risk-free interest rate adjusted for credit risk for leases held by Company, which does not have recent third-party financing, and makes adjustments specific to the lease, e.g. term, country, currency and security.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date less any lease incentives received
- any initial direct costs, and
- restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

Payments associated with short-term leases of equipment and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less. Low-value assets comprise IT equipment and small items of office furniture.

E. Impairment of non-financial assets

Non-financial assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

F. Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

G. Trade receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Trade receivables are recognized initially at fair value. The Company holds the trade receivables with the objective to collect the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance.

H. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument.

I. Financial Assets:

Classification: The Company classifies its financial assets in the following measurement categories:

- i) those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit or Loss), and
- ii) those measured at amortized cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Initial recognition and measurement

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through Statement of Profit or Loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed of in the Statement of Profit or Loss.

Subsequent measurement

After initial recognition, financial assets are measured at:

- i) fair value (either through other comprehensive income or through profit
- ii) amortized cost

Debt instruments

Subsequent measurement of debt instruments depends on the Company business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

- i) **Amortized Cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other gains / (losses). Impairment losses are presented as separate line item in the statement of profit and loss.
- ii) **Fair Value through Other Comprehensive Income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses, which are recognized in the Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit or loss and recognized in other gains/(losses). Interest income from these financial assets is included in other income using the effective interest rate method.
- iii) **Fair Value through Profit or Loss (FVTPL):** Assets that do not meet the criteria for amortized cost or FVOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognized in profit or loss in the period in which it arises. Interest income from these financial assets are recognized in the Statement of profit and loss.

Impairment of Financial Assets

The Company applies Expected Credit Loss (ECL) model for measurement and recognition of expected credit loss on the following financial assets and credit risk exposure:

- i) financial assets that are debt instruments, and are measured at amortized cost e.g. loans, deposits, and bank balance.
- ii) Trade Receivables;

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables, which do not contain a significant financing component.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Derecognition of Financial Assets

A financial asset is derecognized only when:

- i) the Company has transferred the rights to receive cash flows from the financial asset or
- ii) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

J. Income Recognition

Interest income - Interest income from financial assets at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost and financial assets at FVOCI is calculated using the effective interest method is recognised in the statement of profit and loss as part of other income.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

K. Financial Liabilities:

Initial recognition and measurement

Financial liabilities are initially measured at its fair value plus or minus, in the case of a financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the issue/origination of the financial liability.

Subsequent Measurement

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held- for- trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in statement of profit and loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in statement of profit and loss. Any gain or loss on derecognition is also recognized in statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss as other gains/(losses).

L. Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

M. Property, plant and equipment

All items of property, plant and equipment are stated at historical cost less accumulated depreciation and impairment. Historical Cost comprises of the purchase price including import duties and non-refundable taxes and directly attributable expenses incurred to bring the asset to the location and condition necessary for it to be capable of being operated in the manner intended by management.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component

accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation methods, rates and residual value

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the straight-line method, and is generally recognised in the statement of profit and loss. Assets acquired under finance leases are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the company will obtain ownership by the end of the lease term. Freehold land is not depreciated.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (up to) the date on which asset is ready for use (disposed of).

N. Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

O. Borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

P. Labour Cess

As per The Building and other Construction Worker's Welfare Cess Rules, 1998 the construction employer's is required to Pay 1% of their Construction Cost to the government as Tax or Levy for the welfare of the Workers.

The company books the labour cess deducted by NHAI as Current asset and as expenses and no labour cess is deducted on amount payable to EPC contractor i.e. Dilip Buildcon Limited. A provision is made for the same amount by which current asset is created.

Q. Provisions and Contingencies

Provisions - Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events, it is probable that there will be an outflow of resources and a reliable estimate can be made of the amount of the obligation. These are reviewed at each balance sheet date and adjusted to reflect the current best estimate. Contingent liabilities are not provided for and are disclosed by way of notes.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost in the statement of profit and loss

Contingent liabilities - Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company, or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

R. Claims

Claims against the Company not acknowledged as debts are disclosed under contingent liabilities. Claims made by the company are recognised as and when the same is approved by the respective authorities with whom the claim is lodged.

S. Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

T. Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

U. Earnings per share

1. Basic earnings per share - Basic earnings per share is calculated by dividing:
 - a) The profit attributable to owners of the company
 - b) By the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year
2. Diluted earnings per share - Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:
 - a) the after-income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
 - b) the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

V. Redemption Reserve for Debentures and/or Secured Loans

As per the requirement of Section 71(4) of the Companies Act, 2013, read with Companies (Share Capital & Debenture) Rules, 2014, the Company has a policy to set aside and provide for redemption of Non-Convertible debentures and/or secured loans, being ascertained and known liabilities, equivalent to 10% of outstanding amounts of debentures and/or secured loans, subject to and to the extent of availability of profits before declaration of dividend, in order to fulfil its obligation under debt arrangements and ensure seamless and timely repayment of the Non-Convertible Debentures and/or secured loans.

W. Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakh as per the requirement of Schedule III, unless otherwise stated.

X. Critical estimates and judgements

Preparation of the financial statements requires use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involved a higher degree of judgements or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

A. Judgements in applying accounting policies

The judgements, apart from those involving estimations (see note below) that the Company has made in the process of applying its accounting policies and that have a significant effect on the amounts recognised in these financial statements pertain to useful life of assets. The Company is required to determine whether its intangible assets have indefinite or finite life which is a subject matter of judgement.

B. Key source of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

a) Property, Plant and Equipment

Determination of the estimated useful lives of tangible assets and the assessment as to which components of the cost may be capitalized. Useful lives of tangible assets are based on the life prescribed in Schedule II of the Companies Act, 2013. In cases, where the useful lives are different from that prescribed in Schedule II, they are based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers' warranties and maintenance support.

b) Recognition and measurement of defined benefit obligations

The obligation arising from defined benefit plan is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, trends in salary escalation and vested future benefits and life expectancy. The discount rate is determined based on the prevailing market yields of Indian Government Securities as at the Balance Sheet Date for the estimated term of the obligations.

c) Recognition of deferred tax assets

A deferred tax asset is recognised for all the deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised.

d) Recognition and measurement of other provision

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore vary from the figure included in other provisions.

e) Discounting of long-term financial instrument

All financial instruments are required to be measured at fair value on initial recognition. In case of financial instruments which are required to be subsequently measured at amortised cost, interest is accrued using the effective interest method.

Total	27.73	20.70

a) Terms/rights attached to equity shares

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid up equity capital of the Company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable have not been paid.

On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company, remaining after distribution of all preferential amounts in proportion to the number of equity shares held.

As per the records of the company, including its registers of shareholders/ member and other declaration received from shareholders regarding beneficial interest, the above shareholding represents both legal and beneficial ownership of shares.

b) Reconciliation of the no. of shares and amounts outstanding at the beginning and at the end of the reporting period:

Interest on FA	293.55	-
Interest on BCC	2,709.31	-
Total	37,665.49	31,326.87

(a) Disaggregated Revenue Information

Having regard to the nature of contract with customer, there is only one type of category of revenue; hence disclosure of disaggregation of revenue is not given.

(b) Receivable under Concession Arrangement and Contract Balances

The company classifies the right to consideration in exchange for deliverables as either receivable or unbilled revenue. A receivable is a right to consideration that is unconditional upon passage of time. Revenue for such services is recognized as related services are performed. Revenue in excess of billings is recorded as unbilled revenue and is classified as financial asset for those cases as right to consideration is unconditional upon passage of time. Invoicing to the customer is based on milestone as defined in the contract.

(c) The Transaction Price allocated to the remaining performance obligations (unsatisfied or partially unsatisfied):

The company has recognized Rs. 37665.49 Lacs as revenue from operations during FY 2023-24. There are no impairment losses recognized on any receivables or contract assets arising from contracts with customer.

(d) Performance Obligation:

The SPV is having single performance obligation with NHAI.

Related Party Transactions with Parent Company and its closing balances

The terms and conditions of the transactions with key management personnel and their related parties were no more favourable than those available, or those which might reasonably be expected to be available, in respect of similar transactions with non-key management personnel related entities on an arm's length basis.

The transactions from related parties are made on terms equivalent to those that prevail in arm's length transactions.

Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash.

The aggregate value of the Company's transactions and outstanding balances relating to key management personnel and entities over which they have control or significant influence is as follows:

DHROL BHADRA HIGHWAYS LIMITED**Notes to financial statements For the Year ended 31st March, 2024****Note 25: Fair value of financial assets and liabilities**

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments that are recognised in the financial statements.

		(Rs. In Lakhs)			
	Particulars	Carrying value	Fair value	Carrying value	Fair value
		31-Mar-24	31-Mar-24	31-Mar-23	31-Mar-23
	Financial Asset				
(a)	Carried at amortised cost				
	Trade receivable *	2,307.09	2,307.09	394.63	
	Cash and cash equivalent *	3,815.74	3,815.74	356.13	356.13
	Financial Liabilities				
a)	Carried at amortised cost				
	Borrowings	45,545.74	45,545.74	23,974.38	23,974.38
	Trade payable *	146.24	146.24	24.37	24.37
	Other financial liabilities	3.00	3.00	0.27	0.27

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. In addition, the Company internally reviews valuations, including independent price validation for certain instruments. Further, in other instances, Company retains independent pricing vendors to assist in corroborating the valuations of certain instruments.

The fair value of the financial assets and liabilities are included at the amount at which the instrument that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

* The company has not disclosed the fair values of trade payables, trade receivables, cash and cash equivalents, because their carrying amounts are reasonable approximation of fair value.

Long-term fixed-rate and variable-rate receivables/borrowings are evaluated by the company based on parameters such as interest rates, individual creditworthiness of the customer and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables. As of reporting date the carrying amounts of such receivables, net of allowances are not materially different from their calculated fair values.

Fair value hierarchy

The following table provides the fair value measurement hierarchy of Company's assets and liabilities grouped into Level 1 to Level 3 as described in significant accounting policies - Note 2. Further table describes the valuation techniques used, key inputs to valuations and quantitative information about significant unobservable inputs for fair value measurements.

DHROL BHADRA HIGHWAYS LIMITED

Notes to financial statements For the Year ended 31st March, 2024

Quantitative disclosures fair value measurement hierarchy for assets as at 31st March, 2024

Sr. No.	Financial Asset	Fair value measurement using			Valuation technique used	Inputs used
		Level 1	Level 2	Level 3		
Assets for which fair values are disclosed						
(a)	Financial assets measured at amortised cost					
(i)	Borrowings		45,545.74		Discounted cash flows	Forecast cash flows, discount rate, maturity
(ii)	Other financial liabilities		3.00			

Note:

The carrying amount of financial assets and liabilities are considered to be the same as their fair values due to the current and short term nature of such balances and no material differences in the values.

Measurement of fair values (Levels 1,2 and 3)

Level:1

It includes investment in equity shares and mutual fund that has a quoted price and which are actively traded on the stock exchange. It has been valued using the closing price as at the reporting period on the stock exchange.

Level:2

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level:3

These instruments are valued based on significant unobservable inputs whereby future cash flows are discounted using appropriate discount rate.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement

DHROL BHADRA HIGHWAYS LIMITED

Notes to financial statements For the Year ended 31st March, 2024

Note 26: Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. Company's policy is to keep the gearing ratio between 70% and 100%. The Company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents, excluding discontinued operations.

(Rs. In Lakhs)		
Particulars	31st March, 2024	31st March, 2023
Loans and borrowings	45,545.74	23,974.38
Trade payables	146.24	24.37
Other financial liabilities	3.00	0.27
Less: Cash and cash equivalents	3,815.74	356.13
Net debt	41,879.24	23,642.88
Equity	3,516.04	569.34
Capital and net debt	45,395.28	24,212.21
Gearing ratio	92.25%	97.65%

Note 27: Segment Reporting

Basis for Segmentation

In accordance with the requirements of Ind AS-108 'Segment Reporting', the Company is primarily engaged in a business of civil construction and has no other primary reportable segments.

Note 28: Impairment of financial assets

The credit risk on the financial assets has not increased since the initial recognition, therefore company measure the loss allowance for the financial assets at an amount equal to 12 month expected credit losses. Since the financial assets are expected to be realised within the contractual period of the invoice raised, as such, there is no ECL (expected credit loss) envisaged in the value of financial assets under SCA (Service Concession agreement) by the management.

DHROL BHADRA HIGHWAYS LIMITED**Notes to financial statements For the Year ended 31st March, 2024****Note 29: Fair Value Measurements**

The Company's financial liabilities comprise mainly of borrowings, trade and other payables. The Company's financial assets comprise mainly of cash and cash equivalents and other receivables.

Credit Risk

Credit risk is the risk that a counterparty will not meet the obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk primarily financial assets including deposits with banks. The Company's exposure and credit ratings of its counterparties are continuously monitored and the aggregate value of transactions is reasonably spread amongst the counterparties.

Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Exposure to Liquidity Risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted.

Particulars	Carrying Amount	Contractual Cash Flows			
		Total	Less than 1 year	1-3 years	More than 3 years
Non-derivative financial liabilities as on 31.03.2024					
Borrowings	45,545.74	45,545.74	1,179.75	5,898.75	38,467.24
Trade payables	146.24	146.24	146.24		
Other current financial liabilities	3.00	3.00	3.00		
Total	45,694.98	45,694.98	1,328.99	5,898.75	38,467.24
Non-derivative financial liabilities as on 31.03.2023					
Borrowings	23,974.38	23,974.38	3,067.38	3,031.52	17,875.48
Trade payables	24.37	24.37	24.37		
Other current financial liabilities	0.27	0.27	0.27		
Total	23,999.01	23,999.02	3,092.02	3,031.52	17,875.48

DHROL BHADRA HIGHWAYS LIMITED

Notes to financial statements For the Year ended 31st March, 2024

Market Risk

Market risk is the risk that changes in market prices - such as foreign exchange rates, interest rates and equity prices - will affect the Company's income or the value of its holdings of financial investments.

(a) Currency Risk

The functional currency of the Company is Indian Rupees (Rs). The Company is not exposed to foreign currency risk.

(b) Price Risk

The Company is not exposed to any price risk.

(C) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Company's borrowing includes unsecured loan taken from banks & the Parent Company.

Exposure to Interest Rate Risk

The exposure of company's borrowing to interest rate changes at the end of reporting period as follows:

Particulars	31st March , 2024	31st March , 2023
Fixed rate instruments		
Fixed rate borrowing	42,900.00	20,907.00

Interest Rate Sensitivity

Profit and Loss is sensitive to higher/lower interest expenses from borrowings as a result of change in interest rates. The following table demonstrates the sensitivity of floating rate instruments to a reasonably possible change in interest rates. The risk estimates provided assume a parallel shift of 50 basis points interest rate across all yield curves. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the period.

Sensitivity Analysis (Impact on Profit Before Tax)

Particulars	31st March , 2024	31st March , 2023
Interest Rate		
Increase by 50 basis points	(214.50)	(104.54)
Decrease by 50 basis points	214.50	104.54
